*The Board of Commissioners approved an NLNAC position statement on accreditation of international nursing education programs. The position statement is available for review on the NLNAC website at [www.nlnac.org](http://www.nlnac.org).*

*The Board also authorized the staff to survey accredited programs to determine what global outreach activities are already being conducted by our programs. #### MESSAGE FROM THE CHAIR

**Elizabeth H. Mahaffey, PhD, RN** - The coming of spring was even more appreciated this year than usual as many of us have been impacted by the severe winter weather over the past few months. But spring is also a very busy time for us. Already there have been several activities of note. One of the highlights of the Board of Commissioners meeting held in February was granting initial accreditation to our first clinical doctorate program. NLNAC's CEO Dr. Sharon Tanner and the NLNAC professional staff welcomed almost 100 new program evaluators and/or team chairs to the ranks of NLNAC's volunteers at February's PE Forum. Also, two very successful

Self-Study Forums have been held this spring, and both received excellent feedback from the participants. I am also pleased to report that NLNAC is on track to have more visits in 2010 than has occurred in some time. I encourage you to become involved in NLNAC's activities. Make plans now to attend the Fall Self-Study Forum to be held in Orlando in September or one of the Self-Study Forums that will take place next spring. Consider serving as an NLNAC volunteer program evaluator or even becoming a member of the NLNAC professional staff. Information about the Forums, becoming a program evaluator, and NLNAC employment opportunities can all be found on the NLNAC website. Have a wonderful spring!

**SPECIAL SESSIONS AT THE 2010 SELF-STUDY FORUMS** - In our ongoing efforts to respond to your needs, in 2010, NLNAC introduced a new feature to the Self-Study Forum: special sessions held on Day One of the Forum that focus on a particular aspect of the Self-Study process. The first of these sessions was presented at the April Self-Study Forum in Atlanta. Participants from programs seeking initial accreditation asked for additional information related to Candidacy, and the many first-time attendees requested a special session designed to provide them an introductory overview of the process. In response, NLNAC introduced a complimentary special session for novice accreditees; any new faculty member or nurse administrator along with those representing programs beginning the accreditation process were invited to attend. This fall we are introducing a complimentary special session on Day One that focuses on Standard 6 Outcomes. In the session, we will discuss strategies for meeting the requirements of assessment and evaluation of program components. Make plans now to attend...the Fall Forum has limited seating, so don't be disappointed as the sessions tend to fill quickly. We hope to see you there!

#### REGISTRATIONS NOW OPEN FOR THE FALL 2010 SELF-STUDY FORUM at The Walt Disney World Swan and Dolphin Resort September 21-22, 2010

Please join us in extending best wishes to Dr. Carol Gilbert who has announced her retirement effective June 10th. Dr. Gilbert has served nursing programs as a professional staff member for more than 12 years.
